

FINAL ALLOCATION OF AGENDA ITEMS

WORKING GROUP ON CONTINGENT-OWNED EQUIPMENT

16 – 27 January 2023

1. MAJOR EQUIPMENT

1.1 Ammunition

- 1.1.1 Bangladesh issue paper #9: Resupply, redeployment and replenishment of ammunition and explosive under UN management
- 1.1.2 Indonesia- issue paper #7: Transportation of explosive ammunition
- 1.1.3 Morocco issue paper #6: Operational ammunitions reimbursement (procedure)
- 1.1.4 Secretariat issue paper #7 – Mandated Study – Streamline and simplify process for claims and reimbursement for expended or expired ammunition
- 1.1.5 Secretariat issue paper #24: Development of standardized rates for ammunition
- 1.1.6 Secretariat issue paper #26: Introduction of a deadline for submitting claims for reimbursement of ammunition
- 1.1.7 Secretariat issue paper #27: Introduction of a deadline for receipt of approval by T/PCC for the disposal / destruction of unserviceable ammunition and explosives in the mission area
- 1.1.8 Secretariat issue paper #28: Simplifying text on ammunition reimbursement and addition of invoice while presenting a claim for ammunition reimbursement

1.2 New Equipment

- 1.2.1 Secretariat issue paper #19: Inclusion of New Equipment (Ablutions/Portable Toilets) in the COE Manual
- 1.2.2 China issue paper #1: Truck, Shower
- 1.2.3 Denmark issue paper #2: Counter drone equipment
- 1.2.4 Indonesia issue paper #2: Proposal to add new Demining Equipment (bomb basket, bomb blanket and bomb trailer)
- 1.2.5 Indonesia issue paper #5: Mandatory Surveillance Equipment
- 1.2.6 Malaysia issue paper #1: Jammer
- 1.2.7 Secretariat issue paper #38: ATV – Introduction of All Terrain Vehicles (ATVs) – Heavy to the COE Manual

- 1.2.8 Nepal issue paper #3: Kitchen trailers should be categorized as major Equipment
- 1.2.9 Secretariat issue paper #3 – Mandated Study – Financial assessment on the catering self-sustainment rate and the use of Field Kitchens (Moved from 3.5 Self-Sustainment – Equipment)

1.3 Methodology /Policy

- 1.3.1 India issue paper #1: Authorization of additional equipment for Operational Readiness
- 1.3.2 Indonesia issue paper #1: Reimbursement for canine/animal life
- 1.3.3 Egypt issue paper #1: Reimbursement of equipment when exceeding a grace period after the expected arrival date during deployment, repatriation, and relocation of the unit (Moved from 1.5 Rotation on Major Equipment)

1.4 Loss/Damage

- 1.4.1 Indonesia issue paper #4: Minor damage during internal movement in the Field Mission
- 1.4.2 Indonesia issue paper #9: Reimbursement of minor loss/damage on Major Equipment
- 1.4.3 Rwanda Issue Paper #2 Reimbursement of Claim of Major Equipment lost or damaged due to hostile action
- 1.4.4 Morocco issue paper #3: Loss and damage of Contingent Owned Equipment during transit
- 1.4.5 Secretariat Issue Paper #14 and 15 – Mandated Study - Provide data on minor loss and damage (less than 10% of GFMV) to COE during transit & review of threshold ceiling for loss and damage to equipment

1.5 Rotation

- 1.5.1 Morocco issue paper #7: Rotation of major Equipment at UN expense
- 1.5.2 Morocco issue paper #8: Rotation of Major equipment at UN expense following hostile actions
- 1.5.3 Secretariat issue paper #25: Rotation of COE at UN expense – inclusion of Demining Vehicles as eligible category
- 1.5.4 USA issue paper #4: Rotation of equipment at United nations expense
- 1.5.5 Bangladesh issue paper #10: Rotation and replacement of vehicles at UN expense under the arrangement of the UN or under the LOA within a fixed time frame

1.6 Transportation

- 1.6.1 Bangladesh issue paper #4: Containers for shipment during initial deployment
- 1.6.2 Bangladesh issue paper #5: Transportation of critical spares from TCC to mission area for operational requirement
- 1.6.3 Indonesia issue paper #6: Alternative transportation equipment – from second country or different from the origin T/PCC
- 1.6.4 Pakistan issue paper #5: Inclusion of maintenance reimbursement for equipment in prolonged transit
- 1.6.5 Pakistan issue paper #6: Inland transportation claims of air movement of COE
- 1.6.6 Pakistan issue paper #4: Repatriation of ME or SS from Mission area and its condition on receipt in home country

1.7 Environmental

- 1.7.1 Finland issue paper #1: Green Camp – Applicable and alternative ways to produce energy in Peace Keeping Missions
- 1.7.2 Bangladesh issue paper #3: Re-determination of reimbursement rates of generators with renewable energy as Major Equipment
- 1.7.3 Secretariat issue paper #20: Simplifying the reimbursement rates for renewable energy systems
- 1.7.4 Secretariat issue paper #36: Clarify the language on renewable energy
- 1.7.5 USA issue paper #1: Encouraging the use of environmentally sustainable equipment and practices

1.8 IT

- 1.8.1 Secretariat issue paper #10 – Mandated Study – Study into recurring costs and utilization of data, voice and/or bandwidth required for communication equipment provided under major equipment for operational purposes
- 1.8.2 Secretariat issue paper #31: Replacement of Communications Equipment
- 1.8.3 Malaysia issue paper #2: Satellite Phone (Moved from 1.2 New Equipment in Major Equipment)

1.9 Riot Gear

- 1.9.1 Indonesia issue paper #8: Proposal to re-categorize Riot Control Equipment from Personnel Equipment to Major Equipment
- 1.9.2 Secretariat issue paper #4 – Mandated Study – Study on assessment of riot control equipment currently deployed by T/PCCs
- 1.9.3 Secretariat issue paper #32: Proposal to include Riot Control Equipment as Major Equipment for Police Units

1.10 Vehicles

- 1.10.1 Denmark issue paper #4: Use of Leased Vehicles in UN Missions
- 1.10.2 Egypt issue paper #4: Police crowd control vehicle specifications
- 1.10.3 Indonesia issue paper #3: Proposal to re-categorize Mine-Resistant Ambush-Protected (MRAP) vehicles
- 1.10.4 Nepal issue paper #4: Deduction on reimbursement for unserviceable vehicles
- 1.10.5 Secretariat issue paper #1 – Mandated Study – Armored Personnel Carriers / Vehicles classification based on capability instead of value
- 1.10.6 Secretariat issue paper #21: COE Fuel consumption monitoring and T/PCC accountability
- 1.10.7 Secretariat issue paper #22: Passive vehicle fleet management devices
- 1.10.8 USA issue paper #2: Linking COE reimbursement to vehicle usage and readiness
- 1.10.9 USA issue paper #3: Requiring Global Positioning System telematics in Contingent Owned vehicles

1.11 Cross Cutting

- 1.11.1 Secretariat issue paper #5 – Mandated Study – Study into delays in the deployment of T/PCCs – Timelines Project
- 1.11.2 Secretariat issue paper #2 – Mandated Study – Equipment Contributing Countries (ECC) concept
- 1.11.3 Egypt issue paper #2: Compensation for reduced/cancelled equipment due to publishing of a new Statement of Unit Requirement (SUR), after a Member State has purchased /deployed the required equipment
- 1.11.4 Secretariat issue paper #34: Expansion of the Rapid Deployment Level of the Peacekeeping Capability Readiness System
- 1.11.5 Secretariat issue paper #35: Phased deployment of T/PCC due to exigencies (at additional cost)
- 1.11.6 Norway issue paper #1: Editorial changes of the 2020 COE Manual (Moved Para 4, 13 and 16 from SWG SS 3.9 Technical Edits)
- 1.11.7 Nepal issue paper #2: Helicopter landing site kit/Helicopter landing site marking equipment (Moved from SWG SS, 3.9.1 of 3.9 Technical Edits)
- 1.11.8 Secretariat issue paper #33: Technical updates to the COE Manual Moved Para 1, 8,9,10,11,12,13 and 14 from SWG SS 3.9.5)

2. MEDICAL

2.1 First Aid Kit

- 2.1.1 Brazil issue paper #1: New Buddy First Aid Kit (BFAK)
- 2.1.2 Denmark issue paper #1: Buddy First Aid Kit
- 2.1.3 Morocco issue paper #4: The increase of the first aid kit reimbursement rate

2.2 Medical Equipment/Module

- 2.2.1 Ghana issue paper #1: Addition of Clotting Profile Analyzer to Level II hospital list of laboratory Equipment
- 2.2.2 Ghana issue paper #2: Specification of the types of Fracture Fixation set for Operating Theatres
- 2.2.3 Ghana issue paper #3: Intensive care ward: Amendment of number of sets of resuscitation/monitoring equipment
- 2.2.4 Norway issue paper #3: Medical Gases – UN Responsibility
- 2.2.5 Brazil issue paper #2: Portable ultrasound in Level 1 Medical Facility
- 2.2.6 Secretariat issue paper #16: Inclusion of additional storage items for blood and blood products
- 2.2.7 Secretariat issue paper #29: Autopsy Module within UN Missions

2.3 Personnel and staff

- 2.3.1 Ghana issue paper #4: Staffing requirement for Level 2 hospital: Increase in number of cooks
- 2.3.2 Ghana issue paper #5: Staffing requirement for Level 2 hospital: To increase sanitary duty staff from 1 (one) to 5 (five)
- 2.3.3 Secretariat issue paper #17: Inclusion and/or 1 x Psychiatrist or Psychiatry Nurse in Level 2 hospitals and above

2.4 Medical Self-Sustainment

- 2.4.1 Secretariat issue paper #12 – Mandated Study – Data to support self-sustainment rate for Light Mobile Surgical Module
- 2.4.2 Secretariat issue paper #13 – Mandated Study – Data to support self-sustainment rates for medical modules added to the COE Manual

2.5 Medical Miscellaneous

- 2.5.1 Secretariat issue paper #30: Implementation of healthcare quality and patient safety standards in healthcare facilities
- 2.5.2 India issue paper #3: Subdivision of Major Equipment in respect of field hospitals
- 2.5.3 Issue Paper Canada, Australia, Germany, The United Kingdom, The Netherlands, New Zealand - Gender Responsive improvements to the contingent owed equipment manual (Moved text partially from SWG SS related to Chapter 3 Annex C of the 2020 COE Manual)

3. SELF-SUSTAINMENT

3.1 Internet and phone

- 3.1.1 Bangladesh issue paper #1: Inclusion of equipment for internet access and increment of reimbursement rate for internet
- 3.1.2 India issue paper #4: Revision of Internet access claim
- 3.1.3 Malaysia issue paper #3: Wi-Fi
- 3.1.4 Secretariat issue paper #9 – Mandated Study – Study on technical aspects of services provided under internet access and propose reimbursement rate
- 3.1.5 Denmark issue paper #3: The use of cell phones as self-sustainment (Moved from 3.1.2 Internet and phone)

3.2 Reimbursement, Verification, and Inspection

- 3.2.1 India issue paper #2: Arbitrary Deduction of COE reimbursements by mission COE teams
- 3.2.2 India issue paper #6: Objective system of self-sustainment (SS) reimbursements through quantified SS standards
- 3.2.3 Pakistan issue paper #1: Principles of verification and performance standards for self-sustainment categories
- 3.2.4 Secretariat issue paper #8 – Mandated Study – Study to identify self-sustainment categories that should remain at 100% following COO
- 3.2.5 Morocco issue paper #2: Issuance of COE verification report to the contingent
- 3.2.6 Morocco issue paper #10: Types of Verification Inspection process

3.3 Gender Needs

- 3.3.1 Issue Paper Canada, Australia, Germany, The United Kingdom, The Netherlands, New Zealand - Gender Responsive improvements to the contingent owed equipment manual (Moved text partially to Medical SWG which relates to Chapter 3 Annex C of the 2020 COE Manual)
- 3.3.2 Secretariat issue paper #23: Implementation of recommendations by the Elsie initiative for field missions' facilities and infrastructure

3.4 Accommodation and Minor Engineering

- 3.4.1 Rwanda issue paper #1: Review of reimbursement rate for tentage in relation to the shorter usage on the initial deployment
- 3.4.2 Secretariat issue paper #6 – Mandated Study – Review of UN provided accommodation standards
- 3.4.3 India issue paper #5: Reimbursements for expenditure by Troop Contributing Country (TCC) for maintenance of UN provided equipment and services

3.5 Self-Sustainment - Equipment

- 3.5.1 Nepal issue paper #1: Furniture item under miscellaneous general stores

- 3.5.2 Pakistan issue paper #7: Amelioration of FP surveillance equipment parameters for permanent COBs in COE Manual 2023
- 3.5.3 Morocco issue paper #11: Unique Equipment (Moved from 1.3 Methodology /Policy Major Equipment)

3.6 Self-Sustainment Miscellaneous

- 3.6.1 Morocco issue paper #5: Premium for extended deployment of Temporary Operational Bases

3.7 Environmental

- 3.7.1 Italy issue paper #1: Reducing plastic pollution: Incentivize in the use of reusable, compositable or biodegradable tableware in the catering service
- 3.7.2 Secretariat issue paper #18: Update the language in the Model Memorandum of Understanding on Environmental Management

3.8 Operational Factors

- 3.8.1 France issue paper #1: Review of hostile action factor
- 3.8.2 France issue paper #2: Creation of an Operational Engagement Factor
- 3.8.3 Secretariat issue paper #11 – Mandated Study – Operational Engagement factors study

3.9 Technical Edits

- 3.9.1 Norway issue paper #1: Editorial changes of the 2020 COE Manual (Moved from 3.9.4 of 3.9 Technical Edits) (Moved Para 4, 13 and 16 to ME)
- 3.9.2 Morocco issue paper #9: (Technical update) Digital transformation and environment
- 3.9.3 Morocco issue paper #1: (Technical update) Claim status reporting
- 3.9.4 Norway issue paper #2: Editorial changes of the 2020 COE Manual (medical)
- 3.9.5 Secretariat issue paper #33: Technical updates to the COE Manual (Moved Para 1, and para 8-14 to ME)
- 3.9.6 Secretariat issue paper #37: Technical edits – Pursuant to prior General Assembly resolutions – Death and Disability

4. OTHER ISSUE PAPERS

4.1 Other

- 4.1.1 Bangladesh issue paper #6: Increase of transit time for ships rotation in UNIFIL, MTF

- 4.1.2 Bangladesh issue paper #7: Review of reimbursement rate – BNS Sangram (Corvette) deployed in UNIFIL, MTF
- 4.1.3 Egypt issue paper #3: Deployment of individuals during the unit tour of duty, to replace repatriated personnel for reasons other than the end of mission.
- 4.1.4 Pakistan issue paper #3: Revision of recreation leave allowance
- 4.1.5 Bangladesh issue paper #8: Sea Allowance for Naval Personnel deployed in UNIFIL, MTF
- 4.1.6 Pakistan issue paper #2: Issue of COVID 19 testing allowance
- 4.1.7 Bangladesh issue paper #2: Reimbursement for TCC rotation (Moved from 1.5 Rotation of Major Equipment)

5. NATIONAL COST DATA
