Combat Vehicles ^e , Armoured personnel carriers, wheeled	Mine-resistant ambush-protected vehicle, Light, (6 to less than 8 Kgs Blast AT Mine)	15	300,000	3500	1692	5192
	Mine-resistant ambush-protected vehicle, Heavy, (=>8 Kgs Blast AT Mine)		Special Case			
Combat Vehicle						

PROPOSED TEXT FOR 2023 COE WORKING GROUP REPORT

Based on the operational needs of the mission, the 2023 Contingent Owned Equipment Working Group tasks the secretariat to conduct a study on the requirements for mine-resistant ambush-protected vehicle in UN peace operations. The study should look at protective needs and how to classify mine-resistant ambush-protected vehicles.
